Resources for Wooden Railways
wwwRailway.org

2025

Resourcing & Equipping

(check all that apply)

Prospective organizations for a modular wooden railway or custom wooden railway resource donation should:

- ☐ be a 501(c)(3) serving children through at least elementary school,
- ☐ be an emerging children's museum, railway museum or STEAM-based organization with a local presence,
- ☐ provide mobile, popup or other periodic regional event support,
- ☐ be accessible to the public, and
- ☐ lack resources (*financial and volunteer*) to fund and construct a railway – but have access to someone capable of minor touch-ups (*glue, sharpie, varnish*)

Other factors considered when prioritizing support:

- ☐ Programs and exhibits link underserved communities, (*broadly defined to include those remote from population centers, kids on the spectrum, families with limited resources, cultural diversity or other barriers and challenges*),
- ☐ Space available for permanent or periodic hands-on exhibits,
- ☐ Geographically distant from an existing modular layout,
- ☐ Active in a variety of community events and/or Train Shows,
- ☐ Affiliation with local train clubs,
- ☐ Regularly conducts Workshops or Maker Events for kids, and/or
- ☐ Holds periodic train-themed evenings or weekend events
